The Legion is indebted to Joe Putters for installing a radio for the

Election of officers was the principal business dealt with at the annual meeting of the Grande Prairie Branch of the Canadian Legion, held in the Legion Hall, Thursday night.

President J. B. Oliver occupied the chair.

Hon. President—Henry Roberts.
President—Comrade J. M. Smart.
First Vice-President—Comrade F.

W. Pratt, town representative.
Second Vice-President—Comrade L.
Hutt, East End representative.
Third Vice-President—Comrade J.
I. Tinsley, West End representative.

Executive—Comrades Chester Miller, J. B. Oliver, Ike Nelson, D. W. Patterson, Harry Walcher.

Two minutes silence was observed.

As the meeting was held on the anniversary of the great Battle of Vimy Ridge, the celebration took the form of a smoker, which followed immediately after the business meeting.

Both the Clairmont and Sexsmith branches of the Legion were well represented.

Jack Benson's orchestra furnished a delightful program of music, many of the volunteers helped in the

The commissary department was most efficiently handled and service was of the de luxe order.

THE WAR'S GREATEST ARMEN

In the past year I have read many magazines regarding airplane stories and find that nearly all are based on the war and its heroes on both sides. In the different clubs in these magazines I see many requests for the names of the war's greatest aces, and as many of our club members wish to know also, I have gathered up a list of the greatest aces, which I will give you for this week. As the United States were only in the war for a short time before peace was declared, I am giving all the possible figures that I can obtain in the list of British and German aces I shall just give as low as thirty victories.

The List

Manfred von Richthofen, Germany, 80; Rene Fonck, France, 75; Edward

Mannock, England, 73; William Bishop, Canada, 72; Raymond Collishaw, Canada, 68; Ernst Udet, Germany, 62; James McCudden, England, 59; Erich Lowenhardt, Germany, 50; Donald McLaren, Canada, 54; William Barker, Canada, 53; Phillip P. Fulford, England, 53; Georges Guynemer, France, 51; A. W. B. Proctor, England, 52; Werner Voss, Germany, 48; Robert A. Little, New Zealand, 47; G. E. H. McCloy, Canada, 46; Charles Nungesser, France, 45; Bruno Loeferer, Germany, 45; Rudolf Berndl, Germany, 44; Paul Baeumer, Germany, 43; Josef Janusz, Germany, 43; Albert Ball, England, 43; Captain Lockin, England, 41; George Madon, France, 41; Oswald Boeckle, Germany, 40; Lothar von Richthofen, Germany, 40; Ira T. Jones, England, 40; Roderic Dallas, New Zealand, 39; Karl Gerner, Germany, 39; Heinrich Gontemann, Germany, 39; John Gilmere, New Zealand, 37; W. G. Clixton, Canada, 37; Karl Bollé, Germany, 30; Max Mueller, Germany, 30; Julius Buckler, Germany, 30; Gustave Dore, Germany, 30; Edward von Schleich, Germany, 30; Maurice Becket, France, 35; Henry W. Vollett, England, 35; Frank G. Quigley, Canada, 34; Frank H. McCall, Canada, 34; Lionel Coffard, France, 34; Willy Coppens, Belgium, 34; Capt. Brunswick, Austria, 34; Francesco Baracca, Italy, 34; Josef Veljeira, Germany, 34; Otto Koennecke, Germany, 33; Karl Wolf, Germany, 33; Heinrich Bongartz, Ger-

many, 33; Herman Frommholdt, Germany, 33; Emil Thuy, Germany, 32; Paul Billik, Germany, 31; Albert D. Carter, Canada, 31; J. L. M. White, Canada, 31; W. L. Jordan, England, 31; Captain Hazel, Australia, 31; M. Frew, England, 30; Cedric E. Howell, England, 30; Andrew McKee, Canada, 30; Captain Kin and England, 30; Karl Altmannroder, 6 e-m; 30; Karl Degelow, Germany, 30; Josef Mai, Germany, 30; Ulrich Neckel, Germany, 30; Karl Schaefer, Germany, 30

Leading American Aces

Edward V. Rickenbacker, 26; Frank Luke, 18; Basil Lathbury, 17; George Vaughn, 16; Paul E. Kindley, 12; Elliot W. Spriggs, 12; David D. Putnam, 11; Jacques M. Szwab, 10.

Von Richthofen's Case

Baron von Richthofen with his list of eighty victories would appear to be the war's greatest ace, but when everything is considered this is hardly true. Von Richthofen usually fought in a so-called circus. More than eighty per cent of his fights took place well inside his own lines, where anything he got was easy to confirm.

Allied aces on the other hand, were actually on the offensive in every sense of the word. They were out to drive the Germans out of France and Belgium. Many Allied victories could not be confirmed, and the strict rules of confirmation in the British and American squadrons were no help to raise up lachrymose aces.

LATEST NEWS FLASHES

KANSAS CITY, April 11.—Grimy wagons and motor cars carried scores of families out of northwestern Oklahoma Wednesday night from a seven-state dust storm, most of them heading east. Crop and live stock damage, already in uncounted millions, increased rapidly, principally in Kansas, Oklahoma, and Colorado.

Parts of New Mexico, Iowa, Nebraska and Texas also were hit.

OTTAWA, April 11.—Financing of new equipment orders for the Canadian Pacific as well as the Canadian National Railway is provided for in the special works and employment program of the government of which notice was given today by the Prime Minister. The resolution provides for a measure to create employment by public works and a undertaking throughout Canada and to authorize the government to guarantee equipment securities of the Canadian National and the Canadian Pacific Railway in the amount of \$15,000,000.

The work program will be diversified, consisting of buildings, harbours, breakwaters and a variety of small works spread all over the country, as well as railway car orders.

OTTAWA, April 11.—Department of National Defense today announced award of the McKee Aviation Trophy to Flight Lieut. E. G. Fullerton, second in command of the Royal Canadian Air Force, stationed at Rockcliffe, outside of Ottawa.

STREDA, Italy, April 11.—The tri-power conference here brings together one of the most brilliant military and European statesmen assembled since the League of Nations was signed ten years ago. Host to the conference is Benito Mussolini, Italy's premier. Mussolini bespeaks Italy's hopes for peace, but he makes it no secret that a powerful military machine is at his call in the event any nation should venture to threaten Italian security.

Of an entirely different kind of diplomacy is Great Britain's Prime Minister, Ramsay MacDonald. He battles no soldiers, prefers soft words and calm discussion. Then Francis and his disciples—he is energetic and has let the world know that while France hopes for peace, she is prepared to fight for it.

EDMONTON, April 11.—Oil was poured on troubled political waters Wednesday when the Board of Governors of the University of Alberta suspended its order that members of the staff must not participate in provincial politics or contest any seat in the Dominion parliament. The latest move clears the way for Dr. Alexander to become a C. C. F. candidate at the forthcoming federal election if he is nominated.

EDMONTON, April 10.—Joint action by the Alberta prairie provinces to have a federally appointed royal commission investigate the whole question of western relief was initiated by the legislature Tuesday night. On the motion of A. B. Claypool, M. P. for Didsbury, the house adopted the recommendation of the agricultural committee, the Dominion being asked to appoint the commission which would deal with the weight rate, structure, tariff, policy distribution of the burden of relief and division of sources of revenue. Letters will be sent out immediately to the other western governments.

OTTAWA, April 10.—Plans for rehabilitation of drought and soil drifting areas of the prairie provinces were laid before the house of commons tonight by Robert Weir, Minister of Agriculture. He was introducing a bill which provides \$700,000 this year and one million dollars annually for four years following to put these plans into effect. The prairie farm rehabilitation advisory committee will be appointed to advise the minister on plans for rescuing the drought areas. The minister will go west as soon as parliament adjourns for the Easter recess, when the committee will be set up and begin operations.

LONDON, April 10.—France and Soviet Russia have sprung a big diplomatic surprise on Europe. Overnight, and just on the eve of the momentous Stresa conference, they have agreed in principle to a pact whereby under the League of Nations covenant they will undertake to preserve each others frontiers and political independence, to concert military aid against aggressions and to help each other enforce League decisions even if the League Council fails to reach unanimous decisions. This pact, while not constituting a military alliance, is intended to replace the projected eastern mutual assistance pact which Germany's opposition has destroyed. It represents yet another triumph for Franco-Soviet diplomacy.

WINNIPEG, April 10.—Wheat prices advanced on the Winnipeg Grain Exchange today closing with net losses of 1/4 to 1/2 cent. May at 89 1/2 and July at 88 1/2 cents. Heavy selling poured into the pit shortly after the opening, when the July future had reached a new season's high of 91 1/2 cents, and values declined for the rest of the session. The government price stabilizing scheme created a little most of the offerings, although profit-taking sales also were heavy as buyers rushed to on their profits.
